EQUIPMENT

ABOUT TRINCOBIZ

Multi-Brand Sourcing & Export from Türkiye

Trincobiz is an Istanbul-based trade and consultancy company connecting Turkish manufacturing and supply capacity with international buyers. This catalog presents our construction, earthmoving, mining and agricultural equipment line, including attachments manufactured in Türkiye and multi-brand spare parts and filters sourced from the Turkish market.

Backed by a network of manufacturing and supply partners across Türkiye, we coordinate every export from initial request to final delivery.

Single Point of Contact

One team managing sourcing, quality, documentation and export logistics.

Local Manufacturing + Multi-Brand Sourcing

Attachments made in Türkiye, spare parts sourced through a verified supplier network.

Export-Ready Process

Structured from RFQ to delivery, with full documentation and logistics coordination.

TWO SOURCING ROUTES

One point of contact from Türkiye

Custom & Ready-Made Attachments Manufactured to Order or Sourced

Metal attachments manufactured in Türkiye to your specifications, or sourced as ready-made units through our supplier network. It's matched to the base machine, application & technical requirements.

Buckets

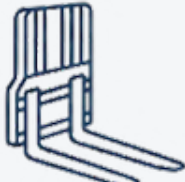

Augers

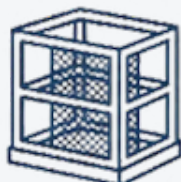

Screening Buckets

Quick Couplers

Forks

Work Baskets

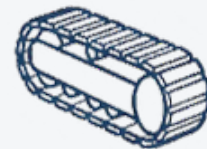

Multi-Brand Parts & Filters Sourced from Türkiye

Spare parts and filters sourced through established suppliers in Türkiye, providing access to genuine, OEM and quality aftermarket options across multiple equipment brands.

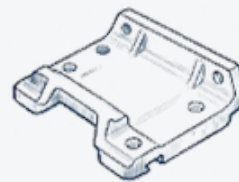

Filters

Undercarriage Parts

Hydraulic Components

Wear Parts

Other Spare Parts

ATTACHMENTS

Excavation & Earthmoving Solutions

Built for demanding applications across construction and earthmoving.

HIGH DURABILITY

Long-lasting construction for demanding working conditions.

PERFECT FIT

Designed to match your machine for reliable installation and operation.

SOURCED FROM TÜRKİYE

Manufactured or sourced, ready for export.

Excavator & Mini Excavator Buckets

Standard & heavy-duty buckets in multiple widths & configurations.

Backhoe Loader Buckets

Front & rear buckets designed for excavation, loading & general earthmoving.

Rake Buckets

Rake buckets designed for grading, rock separation, landscaping & site cleanup.

ATTACHMENTS

Hydraulic & Specialized

Designed for drilling, screening and fast attachment changeover.

HIGH TORQUE

Engineered for accurate, powerful drilling in demanding ground conditions.

FAST CHANGEOVER

Quick couplers enable rapid attachment switching without downtime.

SOURCED FROM TÜRKİYE

Manufactured or sourced, ready for export.

Hydraulic Auger Attachment

Hydraulic auger systems for drilling post holes, foundations & other ground applications.

Hydraulic Rotating Screening Bucket

Rotating screening buckets for separating soil, stone & debris directly on site.

Quick Couplers

Mechanical and hydraulic quick couplers for fast, safe & efficient attachment changes.

ATTACHMENTS

Demolition & Ground-Breaking

Built for breaking, ripping and demolition applications.

HIGH IMPACT POWER

Engineered for controlled force in breaking and demolition work.

CARRIER-MATCHED

Sized and matched to your machine's weight class and hydraulic flow.

SOURCED FROM TÜRKİYE

Manufactured or sourced, ready for export.

Hydraulic Breakers

Hydraulic hammers for rock breaking, demolition & trenching applications.

Hydraulic Rippers

Single-shank rippers for breaking compacted soil, asphalt & frozen ground.

Pulverizers & Shears

Hydraulic pulverizers & demolition shears for concrete crushing & steel cutting.

ATTACHMENTS

Material Handling Solutions

Designed for efficient loading, lifting and material handling.

HEAVY-DUTY & SECURE

Built for high load capacity & safe, stable material handling.

SOURCED FROM TÜRKİYE

Manufactured or sourced, ready for export.

Telehandler Buckets

Loading & material buckets for efficient handling of bulk materials.

Telehandler Material Baskets

Heavy-duty baskets for safe material handling & elevated work applications.

Forklift Forks

Heavy-duty forks matched to load capacity & fork length requirements.

Big Bag Handling Arms

Lifting arms designed for safe handling & transport of big bags.

ATTACHMENTS

Agricultural Equipment

Implements for tractors and farm machinery.

BUILT FOR THE FIELD

Durable implements matched to your tractor's power and application.

SOURCED FROM TÜRKİYE

Manufactured or sourced, ready for export.

Trailers

Agricultural trailers for transporting crops, feed & bulk materials.

Tankers

Water & slurry tankers for irrigation, spraying & field transport.

Plows

Mounted & trailed plows for soil turning & field preparation.

Sprayers

Boom & mounted sprayers for fertilizer & pesticide application.

Seeders

Seed drills & planters for accurate sowing across field widths.

Mowers & Harvesting

Mower & harvesting implements for hay, forage & crop cutting.

SPARE PARTS & FILTERS

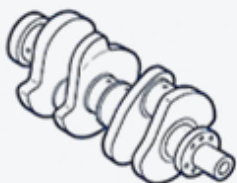

Multi-Brand Sourcing for Construction, Earthmoving & Agricultural Equipment

Reliable sourcing of genuine, OEM and high-quality aftermarket spare parts, supplied from Türkiye.

Spare parts & filters sourced through European distributors are supplied with CE/ECA certification where applicable.

Engine Parts

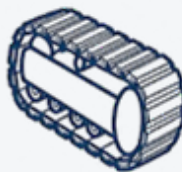

Engine components, repair parts & related assemblies

Hydraulic Parts

Pumps, valves, cylinders, hoses & hydraulic components

Undercarriage Parts

Track chains, rollers, idlers, sprockets & related parts

Filters

Oil, fuel, air, hydraulic & cabin filters

Brands We Source Parts For

Caterpillar • Komatsu • Hitachi • Volvo • Hidromek • Hyundai
JCB • Liebherr • Kobelco • CASE • New Holland • SANY • XCMG

All brand names & trademarks belong to their respective owners. Availability may include genuine, OEM or aftermarket options depending on the requested item.

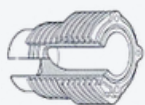

ENGINE & HYDRAULIC PARTS

Reliable components for construction,
earthmoving & agricultural equipment

Engine Parts

Bearings

Cylinder Liners

Gaskets & Seals

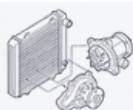

Pistons & Rings

Engine Components

Fuel System Components

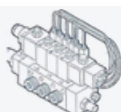

Cooling System Components

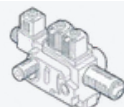

Hydraulic Parts

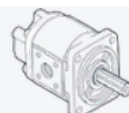

Hydraulic Seals

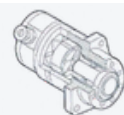

Solenoid Valves

Hydraulic Valves

Hydraulic Pumps

Hydraulic Motors

Hydraulic Cylinders

Hydraulic Hoses & Fittings

UNDERCARRIAGE PARTS

Heavy-Duty Components for Excavators & Crawler Equipment

CARRIER / UPPER ROLLER

Final Drive

SPROCKET

LOWER / TRACK ROLLER

TRACK LINK

FRONT IDLER

TRACK SHOE

TRACK CHAINS

Track chains & link assemblies

TRACK SHOES

Standard, heavy-duty & application-specific shoes

IDLERS

Front idlers & recoil assemblies

ROLLERS

Upper & lower track rollers

SPROCKETS

Drive sprockets & segment groups

TRACK BOLTS & NUTS

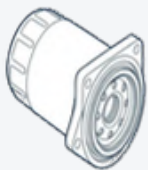

Undercarriage fastening components

FILTERS

Reliable Filtration
for Construction,
Earthmoving &
Agricultural
Equipment

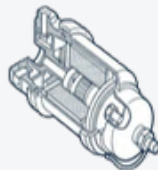

Engine Oil Filter

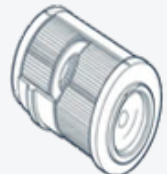

Engine lubrication & oil
filtration

Fuel Filter

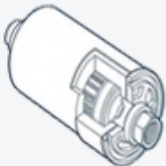

Fuel filtration &
contamination control

Air Filter

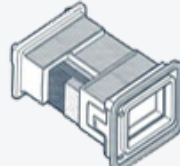

Engine air intake filtration

Hydraulic Filter

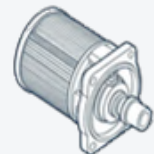

Hydraulic system
contamination control

Cabin Air Filter

Cabin air & operator
protection

Transmission Filter

Transmission fluid filtration

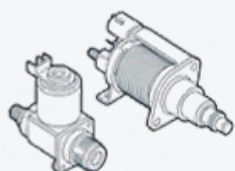

ELECTRICAL & COOLING PARTS

Essential Components for Construction,
Earthmoving & Agricultural Equipment

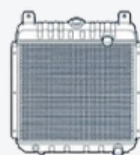

Electrical Parts

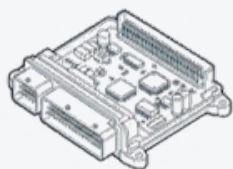

Cooling Parts

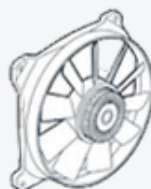

Solenoids

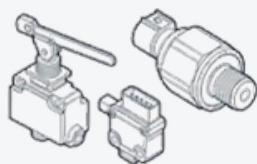

Radiators

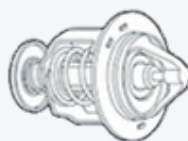

Control Units

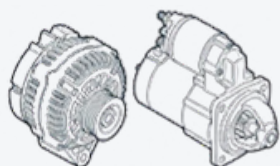

Cooling Fans

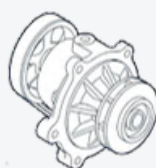

**Sensors &
Switches**

Thermostats

**Starters &
Alternators**

Water Pumps

WEAR PARTS

Ground-Engaging &
High-Wear
Components for
Construction
Equipment

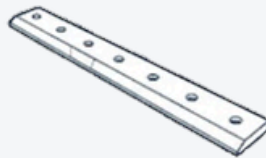

Bucket Teeth

Replaceable teeth for
excavator & loader buckets

Cutting Edges

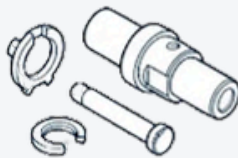

Bolt-on & weld-on cutting
edges for buckets & blades

Side Cutters

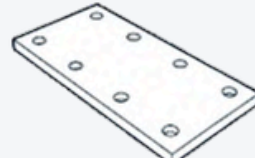

Side protection cutters
reducing bucket sidewall wear

Tooth Adapters & Pins

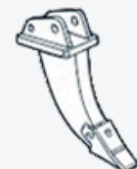

Adapters, lock pins &
retainers for GET systems

Wear Plates

Bolt-on wear plates for
high-abrasion contact areas

Ripper Tips & Shanks

Wear-resistant tips & shanks
for ripping applications

CABIN PARTS & CONSUMABLES

Additional Components for Construction,
Earthmoving & Agricultural Equipment

Cabin & Operator Parts

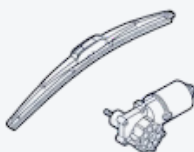

Mirrors

Cabin Glass

Seats & Seat Belts

Wiper Blades & Motors

General Hardware & Consumables

Seals & O-Rings

Fasteners & Bolts

V-Belts & Fan Belts

Grease Fittings & Nipples

HOW WE WORK

From your RFQ to export coordination

01 Send Your RFQ

02 Product & Supplier Verification

03 Technical Review & Commercial Quotation

04 Quality & Documentation Coordination

05 Export & Delivery Coordination

OUR ROLE IN THE PROCESS

CUSTOM & SOURCED ATTACHMENTS

Manufactured to order
or sourced through our
supplier network

MULTI-BRAND PARTS SOURCING

Access to parts
available through
suppliers in Türkiye

TECHNICAL & EXPORT COORDINATION

Matching,
documentation and
logistics support

REQUEST A QUOTE

Send your requirements.
We'll coordinate the next steps.

For an accurate quotation, please include:

- Machine brand & model
- Serial number
- Part number, if available
- Photos or dimensions
- Required quantity
- Destination country or port
